

Honda BigBike

— EXCITES THE WORLD —

GOLDWING

WHAT LIES BEYOND

1,833cc 24V SOHC Flat Six-cylinder Engine

Revel in this mechanical masterpiece and enjoy a hugely strong, 170Nm avalanche of torque peaking at just 4,500 rpm, delivered with unique character.

7-inch TFT Control Centre

The display comprises an immersive, 7-inch TFT screen where you can manage every system – including Android Auto™ and Apple CarPlay™ – as well as Bluetooth and riding modes.

Full LED Lighting with LED Fog Lights

The lower portion of the headlights use 5 polished optical lenses on both sides to create a distinct, Jewel-Eye low beam light signature. High beam creates a stereoscopic. LED fog lights deliver piercing visibility to other road users.

Electrically Operated Windscreen

The windscreen provides excellent wind protection – or opens up a sense of freedom for what's to come. The height and angle can be adjusted electrically by simply pushing the button up or down on the left handlebar.

Large Storage Capacity

The rear top box has grown 11L in capacity, to 61L, which means it stores two large full-face helmets with ease. There's further 60L between both panniers. All of the luggage opens with a button or via Smart Key, and hydraulic dampers smooth the action.

More Focus on Your Comfort

A more relaxed, 23° angle for the pillion back support – and luxurious new suede / synthetic material for both front and rear seats – ensure long-haul comfort for pillion and rider alike.

The destination for riders Honda BigWing

Meet the various models of Honda BigBike And the world-class experience that can be yours at **Honda BigWing**, "The destination for riders."

All specifications are provisional and subject to change without notice.

- Please note that the figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors.
- These models come with a 2 year or 20,000km manufacturing warranty (whichever comes first).
